

CERE General Terms and Conditions for Services

These Terms of Service (the “TERMS”) shall apply to the proposal of **Certification Entity for Renewable Energies, S.L.** (“CERE”) made to CERE’s client (the “Company”). Hereinafter, Company and CERE may be referred to individually as a “Party” or collectively as “Parties.”

1. **Services** - CERE has been authorized by Company to perform the work set forth in the attached proposal (“Services”) and the Parties have agreed to do so according to the terms and conditions set forth herein. Any changes in work, specifications, or level of effort determined necessary or desirable shall be set forth in a change order specifying the changes to be affected thereby and shall only be binding upon mutually written agreement.

2. **Payment and Commencement of Services** -The Company’s acceptance of the proposal is required prior to commencement of Services. An initial payment may be required as indicated in the proposal. All other payments shall be made within 30 days of issuance of invoice (“Due Date”). All Services performed on a time and materials basis will be billed each month for costs incurred to date according to UL’s current rate schedule for the year in which work is performed. The price and payment schedule for Services shall be determined at the time Services are requested. All expenses incurred in the performance of such Services will be billed at cost plus 20%.

Company will be responsible for all taxes, duties or imposts which may be levied by a governmental body (“Taxes”) other than taxes measured by a UL’s net income related to the Services. CERE may add such Taxes to invoices and collect them from Company. Company agrees to pay reasonable collection costs, including attorneys’ fees, if necessary, in the event of untimely payment or non-payment. If charges are not paid when due, CERE may deny or withdraw any services to Company.

All wire charges shall be paid by Company. Company shall pay a late fee of 1 % (12% per annum) or the maximum allowed by law on balances outstanding as of Due Date.

3. **Status as Independent Contractor; Standard of Care** – Both Company and CERE acknowledge and agree that CERE is an independent contractor and shall not act as or be an agent or employee of Company. CERE shall be solely responsible for complying with and paying any and all taxes applicable to its employee’s and contractor’s compensation under this AGREEMENT. UL’s relationship to Company as an independent contractor shall not prevent CERE from acting on Company’s behalf for the limited purpose of procuring materials and equipment related to the Services. In performing the Services, CERE shall use that degree of usual and customary skill and care ordinarily exercised by members of its profession under similar circumstances practicing in the same or similar locality.

4. **Subcontracting** - Company agrees that CERE may subcontract Services to any of its affiliates or other third parties subject to UL’s requirements. CERE will provide as a term of any such subcontract that the subcontractor will meet UL’s current qualification requirements, including complying with UL’s confidentiality requirements. 5.3 **Company License in CERE Intellectual Property** – Company shall have a non-exclusive royalty-free limited license to use CERE IP as it appears in the Work Product solely in connection with the Services. CERE reserves the right to deny any use of UL’s IP beyond the provisions of

In the event that CERE is unable to perform the Services because of a Force Majeure Event, CERE shall, as soon as practicable, give notice to the Company and shall use commercially reasonable efforts to resume performance as soon as possible. Such notice may be given verbally. Upon receipt of such notice, all of UL's obligations under this Agreement shall be immediately suspended. If the period of nonperformance exceeds thirty (30) days from the receipt of notice of the Force Majeure Event, the Company may, by written notice, terminate this Agreement.
